TLBE-D

industrial line

The TLBE-D mulching head is ideal for the shredding of grass, reeds and bushes up to a maximum of 3 cm of diameter near ditches, embankments and on all steeply sloping terrains. It is suitable for mini excavators weighing from 1,5 tons to 3 tons.

STANDARD EQUIPMENT

- attachment saddle (20/30kg)
- hydraulic gear motor group 2
- direct transmission
- rotor with knives
- internal counter-elements
- front protection with double row of chains and rubber
- rear rubber protection
- pair of skids
- rear height-adjustable roller with scraper
- special powder or liquid painting (primer and enamel)

Mod.								
TLBE-D-60	860	640	150	2300	25/30	170	7	108
TLBE-D-80	1060	840	170	2500	30/35	190	9	108

* The data shown in the table are indicative, the weight refers to the mulching head without saddle and the litres are those required by the head for its operation

ACCESSORIES ON REQUEST

1. Fixing pins for saddle
2. There is an additional cost for customizing the saddle
